### DETAILED ACTION

The claims of instant case would be allowable as stated below once these items are provided by applicant.

(1) Assignee Consent

Applicant must provide the assignee's written consent to the reissue in accordance with 37 CFR 1.172(a). The assignee must establish its ownership in accordance with 37 CFR 3.73(b). There is an assent of assignee with 37 CFR 3.73(b) statement box checked, but I don't see where there is a 3.73(b) certificate. Further PTO assignment records show that the patent is no longer owned by the assignee that originally assented. Therefore, a new consent and 3.73(b) certificate signed by current assignee (CITICORP NORTH AMERICA, INC.) are required.

(2) Declaration

(a) The Reissue Declaration filed 9/22/2004 failed to properly identify at least one 35 U.S.C.251 error. The oath /declaration must specifically identify an error. Any error in the claims must be identified by reference to the specific claim(s) and the specific claim language wherein lies the error. (MPEP 1414 II. (C)).

(b) The reissue claims broaden the scope of the patented claims in at least one respect even though they are narrower in other respects. MPEP 1412.03(I). Therefore, the Declaration must be signed by inventor (not the assignee). MPEP 1414.01 (III). See also *In re Hayes*, 53 USPQ 2d 1222.

The following is an examiner's statement of reasons for allowance: newly added claims 16-39 in this reissue application would be allowed because independent claims 16, 20, 24, 29, 35 and the respective dependent claims require a papermaker's fabric with very specific weave dimensions and yarn positioning within the body of the fabric which is novel and patentable over the prior art.

***Conclusion***

This is a reissue application of applicant's earlier Application 08/905,130. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
